GRADUATION AT H. S. FRIDAY

85 To Get Diplomas; Three Scholarships To Be Awarded In Class Of 1938

Commencement Week reaches its climax and the school year closes at the county high school on Friday night with exercises at the school auditorium at which diplomas will be presented to a graduating class numbering 85.

Three scholarships will be presented during the exercises:

One by the Placerville Lions; another by the Girls' League of the school; and a third by the Michigan-California Lumber Company.

In addition, the American Legion awards to the outstanding girl and boy students will be presented.

The program for the exercises will follow the custom established several years ago in that the commencement addresses will be delivered by members of the graduating class.

Theme for the occasion is taken from the play "Macbeth," by William Shakespeare, "Tomorrow and tomorrow creeps in this petty pace from day to day."

Ruth Annette Swift will discuss "What of Tomorrow," Ella Roddan will speak of "Yesterday's Tomorrow," Floyd Fisher is assigned the subject, "Today's Tomorrow," and William Hardie will talk of "Tomorrow's Tomorrow."

The program will begin promptly at 8 o'clock and it is urged that all who plan to attend be seated at that time. The high school band will open the exercises with a march, "Royal Pageant." The graduating class will be seated on the stage.

Rev. Rex A. Barron will pronounce the invocation and next the four students will read the program.

HARRY B. RILEY WILL BE CANDIDATE FOR STATE CONTROLLER

SACRAMENTO—Pledging continuance of his efficient and non-partisan administration of his office, State Controller Harry B. Riley today announced that he will be a candidate in the August primaries for both the Republican and Democratic nominations for his post.

Riley's public service has extended over a period of more than twenty years and has given him keen insight into government administration and finance. His administration since assuming the office of State Controller has had one purpose in mind; the handling of fiscal financial affairs in an orderly, honest and efficient manner. This is believed to be the service Californians want continued.

Yehudi Menuhin Weds Australian Girl

LONDON, (UP)—Yehudi Menuhin, the one time boy prodigy of the violin, was married in Caxton Hall register office today to Nola Nicholas, daughter of an Australian aspirin magnate.

Yehudi is 21 and the bride 19. The Menuhins will sail for New York on May 31 and leave there on June 8 for their ranch in California.

Heat Wave Continues In Fresno Section

FRESNO, (UP)—Little prospect of relief from the high temperatures prevailing throughout the San Joaquin Valley during the past two days was seen in the U. S. weather bureau forecast for continued warm weather today and tomorrow.

Temperatures will range from 10 to 15 degrees above normal and may reach a maximum of 100 degrees, the weather bureau said.

ROSS DEFENDS TITLE TONIGHT

Armstrong, Feather Champ, Scales 5 Pounds Less Than Opponent at Weighing In

NEW YORK, (UP)—Barney Ross, world welterweight champion from Chicago, weighed 141 3-4 pounds today for his title defense against Henry Armstrong of Los Angeles in Madison Square Garden's Long Island bowl tonight.

Armstrong, feather-weight champion, weighed 136 1-4.

Notwithstanding physical differences it shapes up as one of the most attractive, and possibly the richest, welterweight battles in history—Ross, the boxing master, vs. Armstrong, slugger extraordinary. If the gate reaches the \$200,000 mark predicted by promoter Mike Jacobs, it will break the record of \$194,329 set by Ross in his first title match with Jimmy McLarnin, May of 1934. Advance ticket sales passed the \$100,000 last night.

This is Ross' third title defense since he won the welter crown from McLarnin. He was exceedingly unimpressive against Izzy Janazzo in the winter of 1936, and he took a good cuffing while turning back the challenge of Deferino Garcia last September. Armstrong supporters believe Ross has lost the old time speed and cleverness that made him unbeatable. He has never been knocked out, and was off his feet only once in 79 professional fights. Armstrong has a record of 37 straight victories, 35 of them by knockouts.

Armstrong has never gone 15 rounds, and this fact may work against him.

Salmon Falls Reunion Held

More Than 400 Registered At Gathering Sunday To Mark 80th Anniversary

SALMON FALLS, (Special)—The eightieth anniversary of our school was celebrated May 22 with a large crowd in attendance. More than 400 names appear on the guest register and this is not a complete record since here were some who overlooked signing the book.

There were people present from Oakland, San Francisco, and San Luis Obispo, as well as many nearer towns. Two registered from the state of Nebraska.

It was a day of happy reunions, former teachers and former pupils greeting one another after a span of many years. One was heard to remark that she hadn't met a certain schoolmate in forty-six years, another that she had attended school here seventy years ago. Five sisters in one family who had attended school here were present and in another family twenty-one members were present, including parents, children and grandchildren.

May we give Mrs. Nan Kelly, teacher, all credit due for bringing about this joyful event.

We haven't at hand a record showing the exact date on which our school—

FIRST SCOTCH BROOM FESTIVAL SUNDAY

Community Program To Be Held At Georgetown Sunday Under Sponsorship Of 4 Groups

GEORGETOWN—The general public has been invited to Georgetown on Sunday to view the untold acres of Scotch Broom, now blooming on the hillsides of this district and to share in the first annual Scotch Broom Festival.

The fete has been arranged by a general committee representing four Georgetown organizations, the baseball club, the Townsend Club, the Volunteer Fire Department, and the Georgetown Branch of the county Chamber of Commerce.

The program really begins on Saturday night, with the baseball club dance at Odd Fellows Hall.

Thomas Flynn will be the master of ceremonies for the exercises on Sunday morning at ten o'clock on Main Street, which will be opened by the community singing of "Annie Laurie" in honor of Sir James Douglas a Scot, who is credited with introducing Scotch Broom to the American continent. Sir James is said to have brought some of the plants from Scotland in 1850 and planted them near Victoria, B. C.

Speakers on the program will include District Attorney Henry S. Lyon, Reuel Whigham, president of the county Chamber of Commerce; and C. A. Martin, of Stockton, speaking for the Townsend Club.

Other numbers include a piano solo by Mrs. George Saunders; a dance by Norma Lee Cheek; a sleight-of-hand performance by Ken Arnold and Miss Keltana (the two are professionals and formerly were with West Coast Theaters); a tap dance by Lois Collins, and community singing of "Auld Lang Syne" to close the program.

Picnic tables will be provided under the flowering locust trees near the fire house for the convenience of those who desire them.

In the afternoon the Folsom-Georgetown baseball game in the Foothill League will be an attraction.

THREE SOFTBALL GAMES TONIGHT

League Plans To Play Monday With Exhibition Game Against Jackson As Feature

Three more county softball league games are scheduled at Bennett Park tonight (Thursday) in a continuation of the play opened Monday night.

In the Women's division, Jack's team meets the Placerville Cubs. In the National league the Foresters play the Camino Pirates and in the American loop, Diamond Springs plays Placerville Motor Parts.

Monday night, despite the day being Memorial Day, three games will be played. The first will be an exhibition match between Jackson and Diamond Springs. In the National League, the 20-30 Club meets the Forest Service and in the American the Placerville News plays the Round Tent.

Secretary Wallace M. Ripley reports that a number of teams in nearby counties are writing in for games and that it is probable that exhibition games may be worked into one night of each week's play. These games probably will take the place one night of the week of the women's league games, since it appears there may be only five clubs in that division.

The play on the first of the designated league games starts at 7 o'clock each night of play.

Wednesday night, three games were played. In the women's division, Diamond Springs defeated the Placerville Cubs, 15 to 10. In the American, Camino beat the Hangtown Cubs, 9 to 6, and in the National the Mother Loders won from Pacific Service, 18 to 6.

Crop Insurance Due In County

Series Of Meetings In June Will Acquaint Interested Farmers With Program

Recent announcements regarding crop insurance have interested many farmers as to the probable effects it may have on other crops, reports B. E. Haslam, secretary of the County Agricultural Conservation Association.

Wheat, being a major crop of the county, lends itself particularly well to this type of legislation. If crop insurance for wheat proves successful it may be extended to include cotton, corn, etc.

The policy of the Federal Crop Insurance Corporation who insured wheat grower, 75 per cent of his normal yield on his wheat acreage. Fluctuations in price are outside of the provisions of the policy, yields being the only item considered.

A farmer growing wheat in 1939 may insure for 75 per cent of his normal yield and if he sustains a loss from hail, flood, drought, insects, fire, etc., he will be paid an indemnity up to 75 per cent of his normal yield. A farmer with a good crop would receive no loss payment, but could pay his premiums in wheat, or the cash equivalent, for his policy covering the following crop year.

The crop insurance program will be handled along with the Agricultural Conservation program, by the County Agricultural Conservation Association. Instructions in detail for handling this work will be given at regional meetings in June, after which time a county meeting will probably be held to acquaint interested farmers with the further details of the program, Mr. Haslam states.

Fishing Season Opens In County Monday

"Life" really "begins" for El Dorado County fishermen Monday, when the season opens on the watersheds of the American and Cosumnes Rivers above the Mother Lode highway.

Fishermen are reminded that all tributaries of the American River above Riverton, except Silver Fork, are permanently closed to fishing.

An abundance of snow in the hills, resulting in high water, makes it probable that any fish that are taken on the opening day will be taken by bait fishermen, although some fly-casters have their eyes on streams which are known to head at low elevations.

Leo Flynn was a visitor in the county seat from Georgetown on Thursday.

The LETTER BOX

EXPRESSES THANKS

Air Mail Week closed May 21. Placerville made a fine showing, which I feel was possible as a result of the co-operation of several agencies and the public generally.

In recognition and appreciation of this co-operation, I would like to thank all who contributed to the success of our participation in Air Mail Week.

The cachet, obtained by Mr. Robotham, was a striking feature; we owe our thanks to W. E. Bowman, the Pony Express rider, and to Jack Gianelli, the mail pilot; and to the Chamber of Commerce for their assistance.

Not overlooking those who availed themselves of the Air Mail Service during the week, I wish also to thank the newspapers for their write-ups and publicity, both before and after our local observance.

PARADE OF SPORTS

By HENRY McEMORE
(United Press Staff Writer)

GROSSINGER LAKE, N. Y., (UP)—Plain tales from the hills where Barney Ross trained for Henry Armstrong: If Ross "quits in his corner" as Eddie Meade, Armstrong's manager says he will, the referee will be the one who stops it. . . . because years ago the welter champ made his managers, Sam Pian and Art Winch, put it in writing that never, never, no matter what happens inside the ropes, would they throw in the towel. . . . "I pay Art and Sam to get me matches and to get me in shape for them," Ross told me. . . . "once that bell rings I'm in charge, I'm the one who takes the punches and there's no earthly way for my managers to know how I feel. . . . it's understood that any time they stop a fight of mine they don't get paid."

If "Homicide Henry" does stop Ross he will have stopped a man who takes a deal of stopping. . . . Tonight's fight will mark Barney's 80th professional fight, and in that some five or six hundred rounds he has never been knocked out, and has been on the floor just once, and that for only a count of three. . . . Ceferino Garcia was the fellow who knocked him down. . . . In their first fight out on the Pacific coast. . . . Ross says he never saw or felt the punch. . . . one second he was standing up boxing and the next he was sitting down. . . . one knockdown isn't a bad record for a fighter whose foes include such punchers as Jimmy McLarnin, Billy Petrolle, Tony Canzoneri, and Bat Battalino. . . . Ross says he doesn't doubt Armstrong's hitting ability, but doubts if he hits with such power as McLarnin. . . .

Ross is one fighter who won't ever need a benefit. . . . and you'll never see him walking around slap happy from punches. . . . "The first time I ever got a bad beating, when I know I am in shape, that's the day I quit," he says. . . . "Not even if doctors told me I could fight more without hurting myself, I wouldn't listen. . . . I'll take that one licking, and no more. . . ." Hereafter Barney has been sticking most of his money into his jewelry business in Chicago, but now he is ready to branch out as a cloak and suiter. . . . fifty thousand of the dollars he will get for going in with Armstrong will be invested in his new father-in-law's clothing business. . . .

The champion's new wife won't be at the ringside. . . . she never has seen him fight, and says she never will. . . . she once watched him work with a sparring partner and had a beautiful case of hysteria when her man got buffeted about a little with 16 ounce gloves. . . .

Mrs. Edna Harris is up from San Francisco.

AMUSEMENTS

RONALD REAGAN—who is making fast strides to screen fame, is featured in Warner Bros., sensational expose of the fake accident racket—"Accidents Will Happen," coming to the El Dorado Theatre today.

INSURANCE RACKET, GAY COMEDY TOP DAY'S FILM FARE

A thrilling exposure of the fake injury racket, whereby insurance associations have been robbed of hundreds of thousands of dollars, is promised in "Accidents Will Happen," a Warner Bros. melodrama opening today at the El Dorado Theatre.

Ronald Reagan, the youthful new star who until a few months ago was a radio news commentator in Des Moines, Iowa, is featured in "Accidents Will Happen" as an insurance adjuster who exposes just such gangs as have been appearing in the news recently.

"A Slight Case of Murder," a gaily hilarious burlesque from the studios of Warner Bros., is the feature at the Empire.

Curiously, the star of this farce is the same man who first established the gangster-racketeer as a familiar screen figure—Edward G. Robinson, who years ago was the menacing "Little Caesar" and who carried on through various underworld pictures right down to "Bullets of Ballots" and the recent "Kid Galahad" and "The Last Gangster."

Roy Arnold is confined to his home by illness. At first it was reported he was a pneumonia patient, but the appearance of a large number of rashes proved this wrong. He has the measles.

The Ross camp is worried about but one thing in the fight with Armstrong. . . . Henry's tendency to hit low when he starts throwing those fists from here, there and everywhere.

Salmon Falls Reunion Held

(Continued from page 1)

house was built but since the town of Salmon Falls came into being in 1849, we know the building dates well back.

It was originally used as a grocery store and was conducted by Matt Bronson. The building was moved from its first location to the present site when it came into use as a schoolhouse.

On February 4, 1858, school opened with Miss Sarah Tully as teacher. Miss Tully became Mrs. Wallace and was well known in the county, residing for many years at Shingle Springs, where she reared her family.

The program for the exercises of the day follows:

"America," by the audience, with Frank Allen, leader, and Muriel Hermie, accompanist; address of welcome by County Superintendent E. J. Fitzgerald; Poem by Mattie Stephenson; "School Days," sung by the younger pupils; selections by the Salmon Falls Harmonica band; "Hills of El Dorado" and "In The Valley of The Moon," by the 4-H girls' quartet, Mrs. Grien, accompanist; address by District Attorney Henry S. Lyon; Remarks by former teachers, including Miss Mary O'Donnell, Miss Stella Litten; Mrs. P. W. Smith, Mrs. Josephine Euer and Mrs. Viola Shumway; then followed a group of the older pupils on the platform with Mrs. Annie Klinger representing the Wallace family in memory of the first teacher, Mrs. Sarah Tully Wallace; a Ferry Story, by Mrs. Addie Plumb Hoxsie; Reminiscences, by Andrew Johnson; Historical narrative of Salmon Falls school, by Mrs. Elma P. Atchison; and "Auld Lang Syne," by the audience.

Mrs. Atchison reports that her historical narrative is not complete for publication this week but that the interest of those requesting the same is appreciated and she will attend to the matter as soon as possible.

Oklahoma Woman, 108, Clings To Corn Cob

DURANT, Okla., (UP)—Mrs. Belle Arlington lighted her cob pipe today. She said she felt fine after observing her 108th birthday.

"Yes, I still smoke my pipe," Mrs. Arlington said. "I've done it since I was a girl. I also have a clay pipe. I smoke it and this one daily."

Mrs. Arlington was born on April 3, 1830, in Kentucky, but she doesn't remember the town or county.

Lions Charter Folsom Den.

New Club Instituted By Placerville Group At Wednesday Night Meeting

A party including thirty-four Lions and Lion ladies from Placerville journeyed to Folsom Wednesday evening for the "charter night" meeting of the newly instituted club, at that place.

Placerville Den, having sponsored the Folsom Club, was in charge of the program for the evening, which was held during and following a dinner served at the Folsom I. O. O. F. hall.

The charter was presented by Lion J. G. Hearn, and selections by a vocal trio including Lions Hearn, Spicer and Bemis.

Past District Governors Beryl Babcock and Fred Johns, of Sacramento were among the speakers of the evening. Representatives were present from nine clubs of the district with a total attendance of approximately 200.

"Wheeled Yacht" Sails Utah Salt Beds

SALT LAKE CITY, (UP)—A three-wheeled "salt yacht," which backers say is the only one of its kind in the country, is proving successful in test runs on nature's fastest speedway.

Stiff breezes which sweep across the salt lake beds every afternoon enable excellent speeds. The yacht is not unlike a sail-boat, with a light hull and 12-foot mast, which is rigged similarly to a sail-boat. The craft has two wheels in front and is steered by a rudder attachment to a single rear wheel.
